

UNIVERSITÄTSKLINIKUM ULM

The **University Children's Hospital** (head: Professor Dr. K.-M. Debatin) at the university hospital of Ulm invites applications for

Doctoral (PhD) positions in Tumor Stem Cell Biology

(TV-L equivalent to BATIIa/2)

We are looking for scientists interested in isolating and characterizing stem cells in embryonic tumors of childhood. Methods used include stem cell cultures, assays for self-renewal and differentiation, FACS analysis, cell sorting, immunocytology/histology, qRT-PCR, protein analysis, signal transduction and orthotopic mouse tumor models.
